Cardinal Glass is a BBB Accredited Business. Just click the link to the left to verify our status with the BBB. If a business has been accredited by the BBB, it means BBB has determined that the business meets accreditation standards which include a commitment to make a good faith effort to resolve any consumer complaints. BBB accredited businesses pay a fee for accreditation review/monitoring and for support of BBB services to the public.

The Automotive Glass Replacement Safety Standards (AGRSS®) Council Inc, (AGRSS®) is a not-for-profit organization dedicated to the safe replacement of auto glass. AGRSS® was founded and is supported by companies in the auto glass replacement industry that keep safe installation as their primary goal. AGRSS® is an accredited American National Standards Institute (ANSI) standards development organization.

The Independent Glass Association (IGA) is the only association dedicated to the needs of the independent glass companies in North America. Its members are also dedicated to the professional and ethical installation of glass in a safe and proper manner. IGA members are located in all 50 states and ten countries.

Houston Area Glass Association, or HAGA, is an organization that strives to improve the glass industry. Join us in "Making a Difference in the Industry".

PGW Industries founded LYNX Services in 1994 to help insurance companies and auto glass installers deliver superior value to consumers. Today, LYNX is the leader in auto glass claims management with more than 3,000,000 claims managed annually. LYNX Services also has claims management solutions for First Notice of Loss (FNOL) and collision.

Founded in 1948, the National Glass Association is the largest and most influential trade association serving the architectural, automotive and window and door glass industries. We represent nearly 3,000 member companies and locations, and produce the industry's leading events and publications.

Sika Corporation, based in Lyndhurst, NJ, is a leading supplier of specialty chemical products and industrial materials serving construction and industrial markets including transportation, marine, and automotive. Its technologies are focused on sealing, bonding, damping, reinforcing and protecting.

Our mission is to serve the needs of owners, operators and employees of independent glass companies, engage in enhancing services and products offered to the general public, and to further the advancement of the glass industry in Texas and the United States.
